311 The Water Gardens,
London, W.2.

5th September 1968.

As you know, we shall be holding auditions before the beginning of the next session. These will be held at Dinely's Studio, 4 Blandford Street, W.1. (nearest tubes Bond Street or Baker Street) on Tuesday, 10th September, and Thursday, 12th September, between 6 p.m. and 9 p.m. Your audition will be on

at If you cannot make this date or time, please let either Cynthia or myself know as soon as possible so that we can make alternative arrangements. Please be on time - you are only allotted ten minutes!

The purposes of the audition are twofold. Firstly, to improve the choir by weeding out those who are not of a suitable standard. Secondly, so that I can have a rare opportunity of hearing your voice on its own in order to assess its potential as regards possible solo work, etc.

In order to be able to judge properly, it will obviously be necessary for you to have something prepared to sing, something that not only displays the quality of your voice, but your range as well. You will also be given a short piece to sight-read, but this will not be very difficult.

If you know of anyone else who is interested, perhaps you would let me know.

I hope that you are all looking forward to plenty of hard work, as this term looks like being a very busy one. We shall be informing you of details later.

Looking forward to seeing you again,

Cynthia

for Malcolm.
